Meroby Elementary School Principal Search

Position to begin July 1, 2022 or as soon as possible.

Meroby Elementary School serves approximately two-hundred and fifty students in PreK-4th grade. Our school is located in Mexico, Maine and part of the “Mountain Valley” region of our school district.

We are looking for an outstanding administrator to work alongside highly professional elementary staff who are committed to student learning and success. This area has a high rate of poverty so we are also looking for someone who is trauma informed and understands how ACES impacts learning. The leadership focus needs to balance social emotional well being with academic achievement. Additionally, Meroby is very proud of our Nature Exploration program and our focus on outdoor educational opportunities. You will have a great team of people to welcome and support you.

The Principal of Meroby Elementary School will also be part of our supportive fifteen+ member RSU 10 administrative team. Communication and relationship building are key components for all our administrators.

It is an exciting time in RSU #10. We are planning to have a new PreK - Grade 8 building that will combine both elementary schools in the Mountain Valley region and the current Mountain Valley Middle School. Projected opening date is Fall 2025.
